Classes are held at Purdy Performance, 807 Parkview Lane, Green Bay, WI 54304

## Throwing and Pitching Classes: Run by **Coach Chris Krepline** and staff

### CLASS TYPES:

***BASIC***- Athletes will develop proper routines for warm ups, stretches, basic mechanics through drill progression, throwing progressions and learning proper arm care. Development of pitch types: 2seam, 4seam, cut fastball and changeups will be taught as well as routines to continue to develop location and accuracy. New and young players 8-12 years old

***INTERMEDIATE***- Athletes will engage in continued routine work for arm care as well as incorporating arm-strengthening drills through our velocity program. Development of all pitch types as well as beginning basic pitching philosophy through classroom sessions. Video analysis and radar readings will help to see progression through the program. Players with experience in the OTW program and middle school aged athletes beginning pickoffs and stealing.

***ADVANCED***- Athletes will develop proper in and out of season routines through bullpen work, velocity training, strength training, as well as learn daily and weekly routines to become a complete pitcher. Velocity readings and video analysis will be done as well as classroom sessions to help develop bulldog mentality and greater understanding of the game. Players with experience in the OTW program and high school aged athletes.

## Hitting and Fielding Classes: Run by **Coach Mike Wallerich** and staff

Each class will consist of teaching the athletes the proper mechanics of the swing along with fielding a baseball. As we progress through the winter, your athletes will learn the “musts” of the swing. Every great player has their own little attributes to what helped them be successful. However, all great players have these musts in common because they are backed by the science of the swing.

Along with mechanics, we will spend more time on approach and what you should be swinging at. As players get older, pitchers get better and with baseball being the only game where you don't control the ball on offense, to be successful you have to have a solid approach before you step into the batter's box.

Each class is geared towards teaching the players at the level they are at. Each athlete might have a different skill set and we will look to attack each player's strengths and weakness to create a better baseball position player.

We can also accommodate teams who are looking for some off season training.

Each participant will have to sign our liability waiver, Covid-19 Waiver, Photo Release, and the Facility Covid-19 Waiver to participate in the classes. All athletes will be expected to wear a mask while in the facility unless specialized activity with high heart rates are directed.
